Mission Statement:

My mission is to expand the knowledge, broaden the understanding, and build the confidence to the highest level possible to create a successful, well-balanced individual.

Text: We are using either Holt Algebra 1 (ISBN# 0030416582), Larson's Pre-Calculus with Limits (ISBN# 0618751718), or Larson's Calculus of a Single Variable (ISBN#0618503048) as well as a curriculum developed amongst the region service centers.

Notebook: Notebooks of at least 2 inches will be kept with the following sections: notes, homework, quizzes, tests, and extra paper. At the end of each 6-weeks each notebook will be checked.

Homework: Homework will be given on a daily basis, as it is very important for the reinforcement of the work that is done in class. Homework will be collected and graded to monitor student progress through out the six-weeks.

Grades: All grades this year will fall under the same category this year with major grades counting twice and daily grades counting once.

Major grades will consist of tests and projects, and the minor grades will consist of homework and quizzes given through out the six-weeks.

Late Work - Students will then be sent to ZAP for late work and each day that it is not turned in there will be a 15-point deduction. If you fall behind because of absences it is the responsibility of the student to come before or after school to get work and missed assignments.

Pencil is the ONLY writing utensil that the Math department allows Math to be done in. I will have some available for purchase for 25 cents.

Calculator: Each day you will be need to bring your calculator to class. We will be using it and if you do not bring it you will miss out. If you have not already purchased a TI-83, then it is recommended that you purchase a TI-84 Plus (TI-89 for calculus) and bring it to class everyday.

Help: I am always available to help with homework anytime that you see me, but more importantly I will be available in my classroom before school starting at 7:30am, and after school until at least 4:00pm. **DO NOT HESITATE TO ASK FOR HELP!!!!!!**
